11 Treflach Farm

“Treflach Farm, in Shropshire, specialises in quality pork, lamb and, more recently, beef,” says Matthew. “It’s a prime example of re-connecting consumers with producers in the simplest but most meaningful way possible. Their online price list tells you everything you need to know, orders can be emailed or phoned in and soon enough one of the farmers – either Tom, Ian or Bruce – will deliver it to your door. It couldn’t be simpler.”
